### MEET THE NEW BRANCH MANAGERS AT THE WATER AND POWER COMMUNITY CREDIT UNION

#### Sandoval and Mustafa promoted at Hope Street Branch

**LOS ANGELES (February 21, 2008)** –Water and Power Community Credit Union (WPCCU) has named Patrice Mustafa as the new branch manager and Maritza Sandoval as the assistant branch manager for the Hope Street Branch, located in the John Ferraro Building at 111 Hope Street.

Mustafa has been employed by the credit union for seven and a half years. She started with the credit union working as a telephone service representative, and was quickly promoted to operations representative. In 2005 she was named assistant branch manager at the Hope Street branch, and is now branch manager. Sandoval has been with the credit union for nearly five years, starting as a teller in 2003, and later promoted to member services representative, then loan services representative, and, in 2006, was named dealer services representative.

“Patrice and Maritza are a great team, and will be an asset to the employees of DWP,” says Robert Mims, director of sales for all six branches.

Both Mustafa and Sandoval will work closely with the employees of the Los Angeles Department of Water and Power to uphold and exceed the level of service that has come to be expected by members. With their combined experience, Mustafa and Sandoval are excited to help members learn about all of the great benefits associated with the credit union – from high rates of return on certificates of deposit, low rates on auto loans to free, to confidential financial education.

Come by the branch today and meet Patrice and Maritza at the Hope Street branch – open Monday – Fridays, 8:00 a.m. – 5:00 p.m.
